

This accessibility plan aims to ensure that our school takes reasonable steps to ensure

- that all children and adults have equal access to resources and facilities
- children and adults as are not substantially disadvantaged because of disabilities or special needs  
(Needs that have long-term adverse affect on their ability to carry out day-to-day activities)

The school will adapt and change target dates and aims in response to the emerging needs of its pupils and staff and prior to admission of new pupils and staff members

| 2022/23 Aims                                                                                                                        | Details                                                                                                                                                                                                                                       | Target Date                                                                | Evidence                                                     |
|-------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------|--------------------------------------------------------------|
| Regular audit of Resource Management committee regarding accessibility issues                                                       | Resource Management committee to consider accessibility issues in their review of premises and resources.<br>When new projects building work is considered Resource Management committee will consult the LA on need for disability provision | Termly or as projects are considered                                       | Resource Management Committee Minutes and Accessibility Plan |
| Ascertain the extent to which the infant children in the feeder school have disabilities that will require accessibility provision. | Headteacher, SENDCo and Y3 staff to liaise with the Killamarsh Infant School (and other feeder schools) to establish the needs of the incoming children. Add to the Plan as necessary.                                                        | Annually in April and when new pupils apply for admission                  | Headteacher's Report to Governors                            |
| Audit children with SEN to plan for appropriate provision.                                                                          | SENDCo to compile SEND Provision Map and identify additional support needed for children with any disabilities.<br>Resource Management committee to be notified as appropriate.                                                               | Outset of each academic year and updated as children join or needs emerge. | Resource Management Committee Minutes and SEN Provision Map  |

|                                                                                  |                                                                                                                                                                         |                                                                 |                                                                                                                  |
|----------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| Ensure appropriate and modified provision for learning materials and assessments | Adapt and modify learning materials to suit children's needs.<br>Apply for and/or administer modified provision for children as appropriate in Key Stage 2 assessments. | Ongoing in school and annually according to STA and guidelines. | Differentiated provision<br>Transcript/ Scribe records.<br>Modified Test orders.                                 |
| Improve the physical access to the classrooms for wheelchair users               | Upgrade the existing temporary wheelchair ramp into classrooms.<br><br>New portable ramp will be available in school.                                                   | January 2023                                                    | All learning areas will be more easily accessible.                                                               |
